

WDI73121HK built-in washer-dryer

Design:

- Electronic control with LED display

Features:

- Wash load : 7kg, Dry load : 4kg
- Max. spin speed 1200rpm
- Drum clean programme
- Cold wash
- Start delay
- Adjustable feet

Programmes/ Additional functions:

- 13 washing programmes
- 2 dry programmes
- Prewash
- Extra water
- Easy iron

Safety features:

- Child lock
- Overflow protection
- Stability control system

Technical information:

- HK Water label : Grade 1
- HK Energy Label : Grade 1 (Scheme 2014)
- Annual energy consumption (washing): 218kWh
- Water consumption : 7.1L/kg/cycle
- Total connected load : 2200W (13A)
- Drum volume : 52L
- Drum material : Stainless steel
- Net weight : 82kg

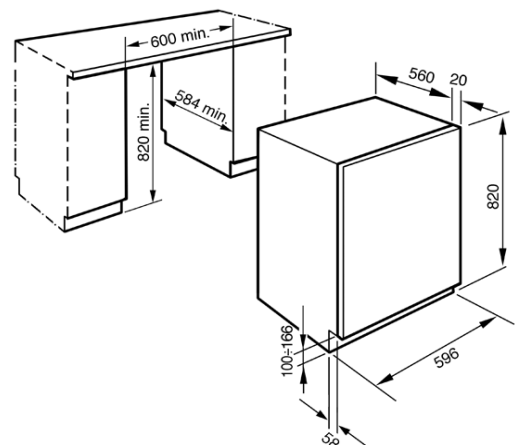

Appliance dimensions:

- 820H x 596W x 560D

Niche dimensions:

- 830-840H x 600W x 584D

Made in Italy

*Socket location should be accessible. Position behind the appliances is not recommended.
